

THREE DAY ACRYLIC PAINTING WORKSHOP

WITH FRANK FEDERICO, PSA, NWS

Paint landscapes and cityscapes in a coloristic and painterly fashion using acrylic paints

Kent Art Association

Kent, CT

August 1, 2 and 3 2016

This exciting three day workshop will begin with a 1/2 day critique session in the morning. Bring works in progress - any medium accepted and Frank will help “fine tune” them. The second half will begin the painting workshop. Frank will conduct an acrylic painting demo, either landscape or cityscape. The second day will continue with what students began, followed by afternoon critiques to end the day.

The third day will begin with another demo, either landscape or cityscape, a watermedia on paper approach is possible. Students will follow with their painting choice. We will end with a critique.
