## Upcoming Workshop!

Don't miss out on this upcoming workshop "Fun with Found and Repurposed Materials" with **Katushka Millones**. Thursday, September 29th from 10-4. Come experiment with a variety of mediums and surfaces. Students of all levels are welcome!

We will be using graphite, gouache, watercolors, acrylics, oils and colored pencils as well as different surfaces which directly influence the style of the art. The combinations are endless, but the basic idea is to combine and layer materials to create unique works. Students will be encouraged to work with their choice of subjects such as still life, figure designs and their own sketches.

The point of this workshop is to inspire students to develop their own unique vision with the help of inventive techniques. Students are encouraged to bring their own images, prints, found objects, and mementos to enhance their work. Bringing in hard surfaces such as wood, stretched canvas and cardboard is also required. Individual guidance will be offered to help cultivate a personal creative process. Working with personal collections can help make art-making more enjoyable, and the artwork more meaningful and genuine. A detailed list of materials will be provided ahead of the class date to registered students. Register by emailing [kentartassociation@gmail.com](mailto:kentartassociation@gmail.com). Cost is \$100.00.
